

A black BMW 1 Series hatchback is parked in a well-lit indoor space, likely a garage or showroom. The car is positioned at a slight angle, showing its front and left side. It features the classic BMW kidney grille, multi-spoke alloy wheels, and a license plate that reads "A 36-68". The car's headlights are on, and its reflection is visible on the polished floor. In the background, another dark-colored car is partially visible.

[illegible]

This vehicle arrives in Wellington on the 15 March 2026.
