

A silver BMW 4 Series (F82) is parked in a well-lit garage. The car is positioned at an angle, showing its front and side profile. It features a sleek, aerodynamic design with a black kidney grille, multi-spoke alloy wheels, and a rear spoiler. The license plate is obscured by a green placeholder. The background shows a concrete floor and a white wall with a red and white striped pole.

Arriving to Wellington April 15th.
